Dedication

Youth must answer the challenge!

Always, the young strong men, the youth of a nation, leave behind the safe, comfortable sanctuaries of home and school, leave their loved ones, to go out in fear to face that brute creation—war. Today, the world faces crisis; today, the boy, soon the man, contemplates this challenge—thoughtful of the heroic Leonidas. Endowed

with instinct for the preservation of right, and the human faculty, courage, he will endure hardship, unsure of the future but assured the future will be worth the supreme sacrifice.

To this noble spirit exemplified in our school-day friends; to this extraordinary courage which has perpetuated itself through all ages—we humbly dedicate this book.

Best of luck

Foreword

ALL PERIODS of time have been distinguished by the impetuosity and courage of the young. Inspired by the greatness of warriors and artists as related in epic poems and in stories, young persons have sought to pattern themselves closely after these figures.

In this book we've striven to recognize two worlds—one, the golden age of all antiquity . . . the other, that of today's vital youth, and to mark their similarities.

To speech students, revered is Demosthenes; to history students, the learned traveler Herodotus; journalism students, the fact finding Thucydides. Athletes have long been fascinated by the stamina and strength exhibited by the tragic Pheidippides; students of history and government are amazed and intrigued by the intelligence and democratic equality in the Athens of Pericles.

Our minds and eyes dazzled by the glories of the past, we await the wonders and possibilities of the future, breathlessly anticipating another golden age of cultural accomplishments, democratic fervor and peace.

Here in this book are represented our preparation and, underlying, our dreams for that Golden Age.

MR. HANEY

Guiding the daily lives of and regulating the activities of fifteen hundred students, George E. Haney has proved himself a tireless, understanding leader, endowed with a bright cheery sense of humor and the quality of being able to come close to and make friends with students. Essentially occupied with administrative policies and problems, he still finds time to talk over the difficulties and ambitions of the students. Daily while executing his responsibilities, he finds time to visit classes, read students' essays, and give encouragement and constructive criticism. Mr. Haney takes pleasure in attendance at school functions, athletic contests, dramatic presentations, and concerts; his calm air is strongly felt when he advises the Student Council. George Haney prides himself on his estimation of character; for in the past, he has proved right because former student friends have proved successful, and he holds high hopes for today's students.

MR. ROSS

As a result of undertaking the job of Superintendent four years ago, Mr. Harry Ross became acquainted with Butte's school system during the same time that the Class of '52 was learning Butte High School ways. We have had the privilege of enjoying our high school career under his successful and expert guidance. Mr. Ross has always taken an active interest in the social affairs of Butte schools as well as in the scholastic program, as shown by his attendance at and support of school dances and plays.

Principal's voice is heard almost daily on the P. A. system.

City Superintendent of Schools, Harry Ross.

MR. HARRIS

"When I leave school at 4 o'clock, I put from my mind all happenings of the school day." These words from the lips of our assistant principal, Mr. James Harris, are perhaps the clue to his continued affability and vigor.

Mr. Harris, one of the most popular administrators, considers his most important job to be handling the discipline problems of the students. This he does with sympathetic understanding, and he also regulates the demerit and delinquent systems. Another special duty is managing the student assistants in the cafeteria, but the busiest time of the year for him is the beginning of each semester, when students are becoming oriented in new programs of classes and multitudinous problems arise.

MISS THULA RODES

"Personal problems are often solved by an understanding discussion of the difficulty." This comment of Miss Thula Rodes, Dean of Girls, is an example of the sympathetic way in which she handles the diversified problems which come to her attention daily. She and her office girls check attendance each day. She considers absence one of the principal causes of failure.

Under her jurisdiction comes the Girls' Organization, which gives the girls of Butte High School an opportunity for social contacts. It also serves the school by maintaining a handy supply store in the building.

Miss Rodes expressed her chief regret thus, "The time-consuming task of disciplining prevents me from being able to confer with and advise the many girls who come to me for help on social and scholastic matters."

Girls' Organization sells supplies.

These girls helped in the main office one period daily. They are Joan Roberts, Mary Zemljak, Lorena Pettet, Betty Shrader and JoAnn Gergurich.

Richard Sodja, Art Bugni and Don Bumgarner leave the office to deliver absent sheets—a daily second period activity.

MRS. MARIE NOEL

As a new addition to the office staff, Mrs. Noel exhibits a cheery smile and pleasantness while carrying out her many tasks. Occupied from early morning to the close of the school day with general office procedure, her main jobs include preparing and typing the daily absent sheet and checking absences during sixth period. She has been a great help to seniors, whose graduation requirements she has checked in detail.

MISS LOUANNE BOLITHO

A helpful friend of the faculty and student body is Louanne Bolitho, who serves as the office stenographer. An alumna of Butte High School, she has become well known, especially to the seniors, for she is in charge of measuring seniors for caps and gowns, and assists in checking graduation requirements.

She is responsible for handling financial accounts of the various organizations, as well as school finances. A major job is managing ticket sales for football and basketball games.

Part One

The rosy-fingered clouds of the dawn circle Mount Olympus with majestic splendor, inspiring earthlings to deeds of fable and mystery. So the standard set by the mighty Hercules, who attempted twelve onerous and fatiguing labors to prove himself worthy, does inspire modern students to distinguished accomplishments. We present you the doers of these deeds, the students themselves, who have undertaken the major labors and duties of our school with the same zeal and vigor that enabled Hercules to meet the challenge, and who met with equal success.

Seniors Anticipate Rewards For Efforts

LIKE HERCULES we seniors are now completing a schedule of work and looking forward to reaping our reward. In our initial labors beginning in 1949, we were guided by Jim Schneller, president; Alan Goddard, vice-president; Christina Richards, secretary; Teddy Boyd, treasurer, and Janet Aho, Student Council representative.

Aside from classroom responsibilities we engaged in clubs and were introduced to the thrills of high school athletics—some of us as participants, others as supporters.

We selected Joe Govednik, president; Janet Aho, vice-president; Carole Ann Williams, secretary; Helen Aho treasurer, and Millard Blackburn, Student Council representative for our second series of labors.

As a respite from the more arduous tasks we provided entertainment between halves of a basketball game and sponsored a dance with its theme "The Old Master Painter."

Nearing the last and most important tasks of the class of 1952 came into full maturity with the unsurpassed Junior Christmas Party, the novel, laughter-provoking, class-sponsored assembly, and the memory-filled dream dance, the Junior Promenade.

The organizers and helpers who were everywhere at once during this wonderful and busy year, were Joe Govednik, prsident; Robert Haller, vice-president; Billy Shafer, secretary, Helen Aho, treasurer, and Virginia McBride, Student Counci! representative.

All but few tasks have been completed, and we are now reaching the final stage of a four-year course which will bring us that long-hoped-for reward, our diploma.

During our final year we strove long and courageously to produce the best Senior Formal ever, the magic-making dances, the Coronation festival, and, for those lovers of humorous entertainment, the Senior Assembly.

In reaching the final adventure which brought victory over the more trying labors we had as our student directors, Peter Sakellaris, president; Bill Salonen, vice-president; Billy Jean Shafer, secretary; Mary Venns, treasurer, and Carole Ann Williams, Student Council representative. Also adding to the fullness of our last year in Butte High was the distinction gained us by a select hard-working few who won us honors in the writing of essays in competitions sponsored by the Anti-Tuebrculosis society and the Butte Development Association, and in qualifying for the National Honor Society. Don Scott's honorable mention in the Westinghouse Talent search also made us proud. We also had representatives at Boys' and Girls' States, at the state music meets, in All-State football and basketball listings, and in numerous scholarship competitions.

So with our tasks completed and the whole world open as our future, we go forward with heads high to the challenge life has to offer the Class of 1952.

SCHOLARSHIP, CHARACTER, LEADERSHIP AND SERVICE CHARACTERIZE THIS GROUP

The wise men of Greece were revered, honored and much consulted. The respect and esteem of the people distinguished them as being truly great. To recognize our own scholars, Butte High School has a chapter of the National Honor Society to which ten percent of the graduating seniors may be named on the basis of service, scholarship, character and leadership. Twenty-nine members of the class of '52 distinguished themselves by meriting membership in this elite group. As is the custom here, the members were initiated before the P. T. A. at their April meeting.

Officers elected are: president, Dan Bozich; vice-president, Paul Kerlee; secretary, Virginia McBride; and treasurer, Terry Fisher. The group participated in High School Week at Bozeman May 1, 2 and 3, where the members took tests of various kinds. Advisers are Miss Helen Laird and Miss Burney Rice.

THREE BRING HONORS TO B. H. S.

Donald merited honorable mention in the nationwide Westinghouse Talent Search; Norman qualified for Naval Reserve Officers Training Corps by passing the required mental and physical tests; Alicejane won the Elks' leadership award of $100.

BOB BUTOROVICH

"Bonna" was greatly improved at tackle this year. He received an All-State honorable mention for his fine play; it will take a good man to replace him.

JIM JANHUNEN

As Butte's triple threat fullback, Gus lived up to all expectation, winning his second All-State award.

DON CRAIN

Seemingly quiet, Don was an explosive package in the gridiron wars.

SAM JANKOVICH

One of the better ends in the state, Sam was superbly skilled in both blocking and tackling, and also won for himself a second string All-State title.

DON GALPIN

Don was the Bulldog's defensive expert. Handling himself well under all conditions, he proved a worthy line backer.

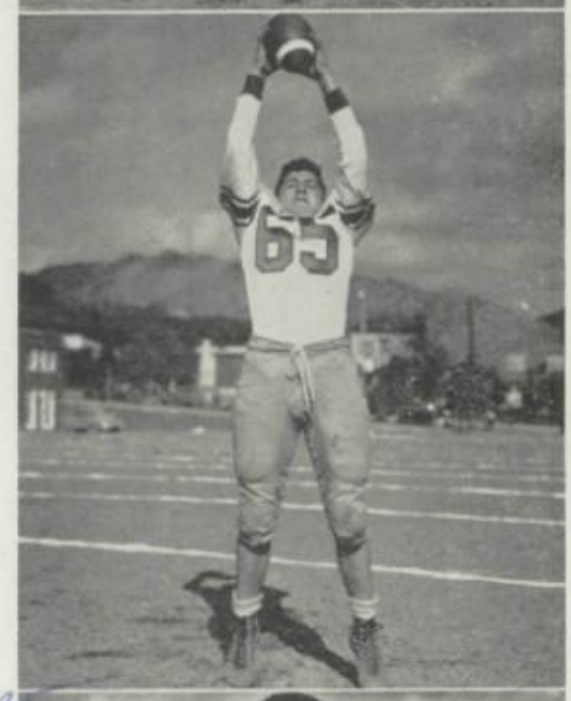
Lots of luck Babe! You're a great ballplayer. It's been a pleasure playing with you. Joe

JOE KILMINSTER

A stalwart guard, Joe was aggressive and quick, meriting a second string All-State award.

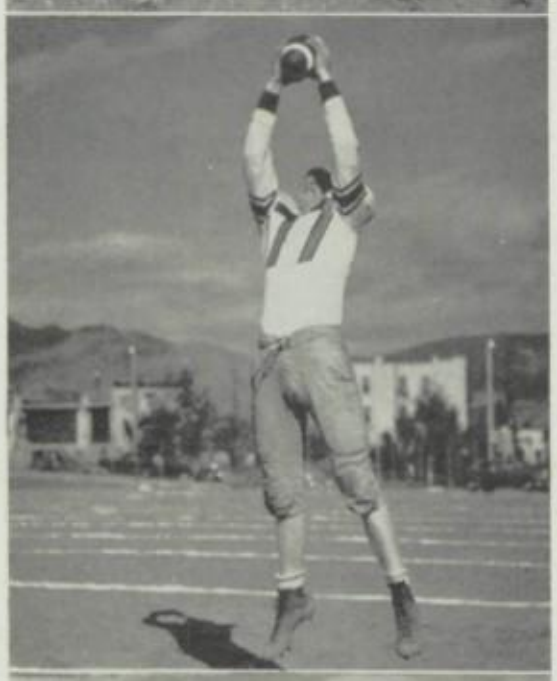
DUANE JACKSON

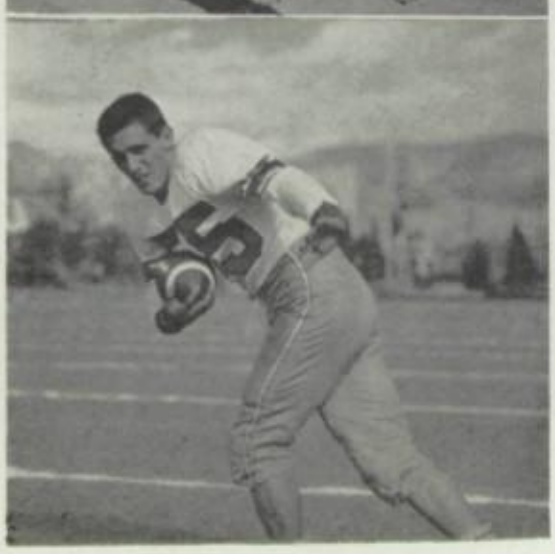
Sharp line play of the best quality was perfected by this serious-minded ball player.



DAN LARSEN

Dan's polished tackling and blocking could open a hole in any line, and proved him deserving of a second All-State award.





GLEN SHURTZ

Although hampered by injuries, Glen managed through versatility and rugged play, to be named on an All-State berth.

TOM POMROY

As a fast, shifty halfback, Tom's first year with the varsity was a fruitful one.

AL VEGA

A lanky, agile back, Bobo kept the fans on their feet cheering him on.

LOU POCHERVINA

Rugged determination and fine all-around play won Lou his second letter and a first string All-State award.

BERT WEST

With a surplus of speed, Bert kept opponents wary and on their toes.

BILL SALONEN

The state's outstanding pass catcher, Bill was the dread of opposing defense men.

BOB ZORICK

Bob's consistency and persistence helped him earn his first monogram from the Bulldogs.

JIM SCHNELLER

Jim's speed and blocking, along with his fine defensive play, won him a starting halfback position.

Back row, left to right: Jim Gray, Miss Helen McGregor, Arlene Murphy, Norman Cannon, Cecelia Carriger, Paul Kerlee, Bill Sanders, Tom Brown, Duane Ellwood
Front row: Alan Goddard, Carole Ann Williams, Lila Johnson, Virginia McBride, Lindalee Elphison.

COMEDY HIGHLIGHTS "CHARLEY'S AUNT"

Charley's Aunt (Alan Goddard) still confounds his friends. Jack (Norman Cannon) and Charley (Jim Gray) encourage the romantic attentions of Spettigue (Tom Brown) and Chesney (Paul Kerlee). Young love again runs a rocky course but Amy (Lila Johnson) and Kitty (Virginia McBride) finally win their men with the help of Charley's aunt. Brassett (Duane Ellwood) again predicts dire things, but the true Charley's aunt (Lindalee Elphison) and her ward (Carole Ann Williams) help Babberly (Alan Goddard) to shed his unfamiliar character. Outstanding in the Brandon Thomas classic were Alan Goddard as the aunt who happily lost his head while others around him stuffily kept theirs, and Virginia McBride who was perfectly starry-eyed. Tom Brown, Norman Cannon and Duane Ellwood brought delightful life to their roles. All were excellent under the careful direction of Miss Helen B. McGregor.

Back row, left to right: Harry Eylar, Ben Pezdark, Clarice Morrow, Christina Richards, Janet Tierney, Jim Schneller, Bob Endresse, Murray Cannon;
Front row: John Lee, Bene Huber, Don Renz, Jack Dunbar.

Top row, left to right: Darrell Anderson, Dan Bozich, Harvey Casebeer, Eugene Hamilton, Bene Huber, Don Scott; Bottom row: Duane Jackson, Paul Kerlee, Clifford Poore, Glen Shurtz and Ed Westerman.

THEY LEARN GOVERNMENT FIRST HAND

Government in Action was the watchword of Girls' and Boys' States this year as every year. Butte's delegates not only profited greatly by participation in the governmenetal activities, but also were outstanding in every other phase of the program.

Boys' State was held at Western Montana College of Education in Dillon in August. Each day was full of action-packed events, and the climax was reached when the two political parties, after ahving nominated their candidates for governor, completed the election and inaugurated the governor.

An added achievement of the Butte delegation was the selection of Jack Dunbar to represent Montana for a week at Boys' Nation in Washington, D. C., in the early summer. Jack found this opportunity a most worthwhile and unforgettable experience.

Girls' State, too, was a similarly unique session at Eastern Montana College of Education in Billings which was, as Boys' State, the site of a perfect government. At the close of the meeting with the reception of the Governor, the girls acclaimed the '51 Girls' State as the best ever.

ACTIVE CLASS ANTICIPATES FINAL YEAR

"There will be a meeting of Junior class officers and council members immediately after school in room 7." This announcement is most familiar to Butte High students, for many times during the year it has come over the public address system.

Because of the several ambitious projects and activities the junior class undertakes, often meetings are required for discussion of a variety of problems. Under the expert advice of Mr. Carl Engelbach and Miss Dorothy Sheets, the juniors completed several projects this year, and strengthened their claim to being one of the most active classes in school.

They planned their earliest work to be an hour-long assembly of movies, presented to the students as a gift, but due to bad luck, this attempt was unsuccessful. With the approach of the Yuletide season, the class prepared for the annual Junior Christmas party. This year for the first time, the music for the party was provided by a professional orchestra, and Patty Mullins, a member of the host class, became "Sno-Belle," who reigned over the festival. Shortly after, members of the class took part in the all-school Christmas assembly.

In February the class presented a variety show to raise money, and to provide the school with entertainment. This assembly was also given at various organizations in Butte.

The climax of their year's work came when the traditional Junior Promenade was staged at the Columbia Gardens, May 10. Given to honor the graduating seniors, the beauty of this year's promenade made the evening one long to be remembered as a highlight of high school life.

BRONCO BOROZAN

A second letter was the reward for this fleet-footed Junior. His work at end should prove valuable next year.

CLARK DORAN

A hard-hitting, rugged tackle up from the Reds this year to help strengthen a more-than-tough line.

DON DUFFY

Although he saw little action, his experience gained will be needed next year to fill a tackle slot.

JIM FRESHMAN

A rough and ready fullback, always good for some yardage when it is necessary.

BUD MAXSON

Aways making key blocks and tackles, Bud should make the race for halfback interesting next year.

DAN NARANCHE

A first string All-Stater, Dan is one of the hardest running and tackling halfbacks in Montana.

BOB RENZ

His passing arm gained him a first team All-State position as well as an honorable mention on the All American high school team.

BILL TARROW

Another returning letterman, Bill will help snag from his end position.

ED SHARON

Big Ed will be counted upon to fill a tackle spot next. His work in the Championship game rated him an honorable mention for All-State.

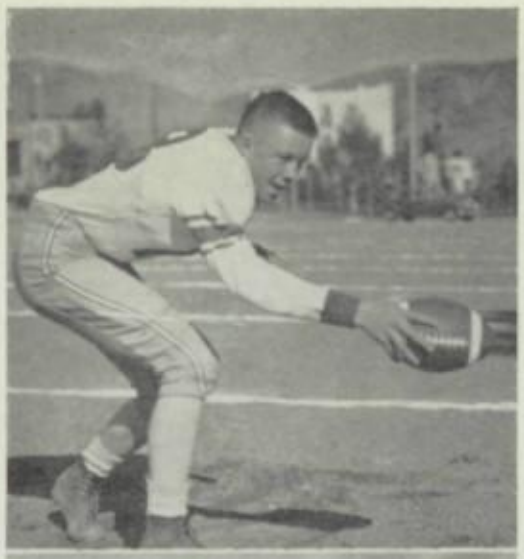
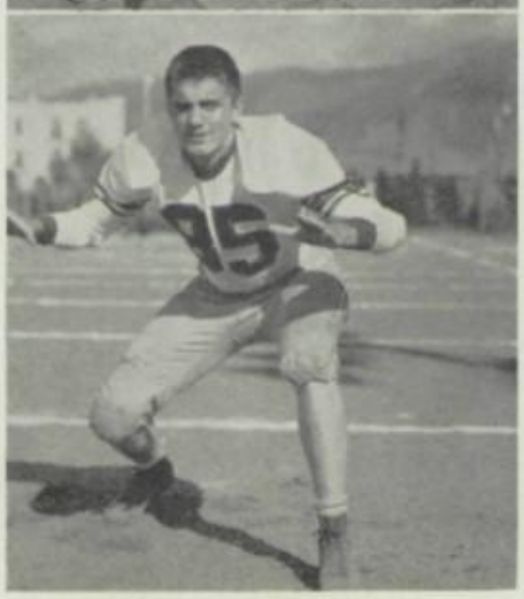
Sophs at work are as busy as sophs at play.

SOPHOMORES PERFORM AND PLAN

Remembering the feats of the ancient Greek heroes and inspired by their fabulous deeds, the sophomores now await their chance to work for fame. Some study mathematics and science; others, the liberal and fine arts. This training will provide them with necessary knowledge of life. But more than that, school provides rich experience in the rewarding friendships formed, the poise developed through class recitation and group work, and the discovery that the cooperation for class projects can carry over into adult experiences in group work.

With the first awe and fear of high school gone, the sophomore finds much to be proud of and much, too, to work to achieve. With the help of the class advisers, Mr. Maurice Driscoll and Mr. Leo Maney, the second year students provided halftime entertainment at a state tournament game and sponsored a late spring dance in the gymnasium.





DON WILLIAMSON

A fast learning quarterback, Don will prove valuable for the next two seasons.

JERRY WINKLER

Tackling hard, Jerry earned his first letter with a good job of substituting.

CHARLES STACK

This tall well-built sophomore went on to earn another "B" as a sub center on the basketball squad.

BRUCE SERIGSTAD

CHARLES STACK

CLASS OF '55 ACCEPT HIGH SCHOOL CHALLENGE

As little Pandora, on opening the fateful box discovered many new and different experiences, so have the freshmen discovered the same by opening the mighty doors to Butte High. Upon entering the building for the first time, they were confronted by many new and difficult problems, with which they knew they would have to cope for four years to come, and which they had to master. Now as their first year closes, this class of '55 can point with pride to their work at Butte High and say, "One year mastered, three to go."

Their activities were limited. However under the direction and help of their advisers, Mr. Ray Tyvand and Mr. Paul Roesti, they presented a basketball half-time performance and sponsored a mixer. Members of the class were active in various organizations and clubs. All in all, they got off to a good start. Their remaining three years promise to be marked by sparkling accomplishments.

Learning of the birth and development of our great state is the aim of these frosh enrolled in Montana history.

These frosh boys in Mr. Bradford's mechanical drawing class are preparing themselves for engineering jobs later in life.

Even class officers don't work all the time. These three get together to talk about the things most girls talk about . . . dances, activities and boys.

Above are pictures of two typical freshman classes where students are acquiring the basic facts of English and science.

In the days of the ancients, the people of Greece revered Zeus, Master of Olympus, as the omnipotent ruler of all. They also looked with awe and hope to his nine beautiful daughters, known to the earthlings as the Nine Muses of Talent. Each served as an inspiration for a fine art, and all led mortals to attain greater and greater feats in these distinctive fields.

The effective and competent leadership of Zeus is comparable to the efficient work of our school administrators. Too, the inspiration provided in the fine arts by the muses can be likened to the diligent guidance and instruction provided by our teachers.

THE FACULTY

The ancient Greeks looked up to Zeus and his gods and goddesses, followed their teachings through the oracles, worshipped them, praised them, made sacrifices to them and tried to pattern themselves after these supreme beings. There were gods and goddesses for every phase of life—hunting, history, farming, teaching, war, the sciences, and love.

Most modern high schools follow much the same pattern. The student looks up to his teachers and observes their instruction, follows the example they set and tries to develop in his life the qualities, such as honor, honesty, loyalty, perseverance and dependability, exemplified in the lives of those his textbooks make real to him and whose characters are indicated as admirable.

The curriculum of Butte High is organized in seven divisions: languages, English, Latin, Spanish and French; history and social science; mathematics; science, chemistry, biology, physics, general science and physical geography; manual arts; fine arts, commercial and home economics, music; and physical education.

The student upon entering Butte High, starts a four-year course in English. During these four years he will learn American and English prose and poetry. He will read many classics, including "Silas Marner," "Julius Caesar," "The House of Seven Gables," "The Tale of Two Cities," "Macbeth," and "Ivanhoe." English is a four-year requirement by Montana law for all courses except manual arts, and the general course with two years of foreign language.

Latin is a two-year course and is essential for those interested in medicine, nursing, law, and chemistry. Other students enroll because Latin is an aid to understanding other languages.

Two modern languages in the curriculum are Spanish and French. Three years of Spanish are offered, and enrollment is quite large. This study helps the student understand our Latin American and South American neighbors.

French, the international language of diplomacy, is always widely spoken; in the French courses a large percentage of students are enrolled. It is offered for two years.

The average student takes history during his first years. Ancient, medieval and modern history together cover early civilizations and European man's story through the twentieth century. Montana history and Montana resources and geography are given for one year and bring into focus the economic, political and social aspects of the state of Montana.

American history and government is a year and a half requirement according to Montana law. The first year includes the development of America, and the next half year explains the government as a result of that development.

Sociology, economics, social science and international relations are also offered for those, mainly in the general course, who want history for a three-year subject.

When our student enters, he is given a choice of algebra or general mathematics. Mathematics course includes two years of algebra, one and a half years of geometry, and a half year of trigonometry. He may take algebra the first year, geometry the second, algebra the third, and solid geometry and trigonometry the fourth.

General mathematics is a refresher course the first year for those who are reluctant to enroll in algebra or who do not plan to take any advanced mathematics.

Our typical student upon entering also wants to study science throughout his high school years, so he enrolls in general science, a one-year freshman course in scientific wonders and their uses. Biology, the science of plants and animals, their composition and habits, occupies his interest as a second-year subject.

He may take physical geography instead of biology or general science, and so learn of the earth, its composition, surface and weather. Physical geography is a one-year course.

Physics, usually given the third year, is a study of natural phenomena, and applies particularly in engineering, electronics and nuclear research. It is a one-year course in physical science. Chemistry, given in the senior or fourth year, dwells on the analysis of the elements.

A diploma may be earned in the manual arts course. For the boys this field includes woodworking, machine shop, mechanical drawing, auto mechanics and electricity. The counterpart for girls is home economics, which covers elementary and advanced cooking and sewing.

For those interested in drawing, sketching and lettering, four years in the fine arts is offered.

In the commercial field, courses in stenography, business, typing, personal typing, commercial geography, commercial law, bookkeeping, business training and commer-..al arithmetic are available for boys and girls who plan to go into the business world.

Music, the universal language, comprises a four-year course available for those interested in vocal and instrumental music, and band and concert experience prove valuable to the talented student.

The Butte High band has had honor bestowed on it repeatedly for its excellent playing and exceptional maneuvers.

For the girls there is the twirling class. This entertainment group accompanies the band and chorus. They consist of the single and double baton group, and the single and double flag group. The twirlers add color to the school football games, civic parades, and entertainment for local organizations.

The Glee club and chorus is composed of those who like to sing. They perform at different times for the public and the student body. Their main performances are an operetta and the Christmas program.

Each student must complete two years of physical education and half a year of health and hygiene. Physical education is given only two days each week. This program may be divided into gym and pool classes. Gym consists of tumbling and exercises. Pool enrolls beginners, advanced and lifeguard divisions of swimming.

Also included in the program are the football, basketball, track and tumbling teams. The participants in these sports receive credit toward their graduation.

The teachers of these divisions are likened to the nine muses of mythology, for as the muses were inspirational in fine arts, so the teachers constitute an inspiration to the students of their respective subjects.

COMPETITION WAS STRONG IN THE ANNUAL DRIVE

With coonskin hats, the twelve annual book salesmen sought to outdo each other in the keen competition for the ten dollar prize. Spectacular graphs recorded the progress of the salesmen, interest was growing, then the climax—Ben Pezdark sold 247 books, a new record, and won the award. Altogther the salesmen sold 1,232 books.

MUCH TIME IS CONSUMED IN SELLING ADS

Giving much of their time to accomplish their aim, these 10 seniors visited scores of business and professional men, and were responsible for the filling of 35 ad pages. Their drive began in December, and lasted through the spring months. Business manager Nancy Hatfield was in charge of checking ad books and laying out the final pattern.

DRAMA STUDENTS LISTEN ATTENTIVELY AS A PLAY IS READ

DRAMA, SPEECH, DEBATE ARE THE PRIDE OF THESE STUDENTS

"Slow down . . . now much louder and more clearly . . ." Admonitions like these linger in room 113, where today instructions for clear, proper speaking and projection are given. Young people are coming to value the dramatic arts more. An appreciation for theatre is being developed and students are learning criteria for evaluation of good and inferior dramatic literature and theatrical productions.

Logic is stressed in debate. Clear, forceful arguments are presented by the debate squad. The boys find a real challenge to accurate thinking in these friendly discussions.

THE STAGE CREW BRINGS LIFE TO PRODUCTIONS

Many hours of work is done weeks before play production. It is this work, done by members of the stage crew, that brings so much atmosphere to a production.

But more, the stage crew readies the stage for assemblies, movies and the operetta. These members of the stage crew are the important behind-the-scene performers.

THIRTY MAKE NATIONAL THESPIANS

The highest honor an aspiring high school actor can achieve is membership in National Thespians. This year there are thirty members, one of the largest Thespian groups ever. Many of these qualified by working on the operetta, the senior and the all-school play, and now are rewarded.

Officers of the club are Alan Goddard, president; Ronald Haller, vice-president; Frank Baum, treasurer; Donna Pierce, secretary, and Erma Button, Student Council representative. Miss Helen B. McGregor is the adviser.

IN 1951 ANNIE LAURIE FOUND NEW FRIENDS

Annie Laurie, the daughter of stern Sir Robert, is in love. But her love would be frowned upon in her clan, for she loves a Douglas, of the avowed enemy clan.

This sad tale of the highlands, the three-act play, "Annie Laurie," starred freshman Marjorie McQuiston, Young Lord Douglas, sophomore Ronnie Haller, senior Paul Kerlee brought exciting realism to the role of the father trying to understand.

Tenderness and warm alive feeling was interpreted by the lovers, Jeanie, Annie's conspirator cousin, played by Sherry Thompson and her youthful fiance, Lord Gregory, Larry Hunt.

Shirley Lindeen, in a smaller role, won the hearts of the audience. She played her part as Meg delightfully and engagingly.

Donna Pierce performed in a mellow acting style and demonstrated her beautiful voice when she sang "Annie Laurie."

WEDNESDAY MEETINGS PROFIT YOUNG SCIENTISTS

Archimides, Father of Chemistry among the ancient Greeks, sought to unravel the mysteries of his world. Many they were, indeed. Even today much is to be done before we can say we are truly science-wise.

In the manner of Archimides, these young scientists of today are applying the knowledge of generations to various projects. Those offered the Science Club are chemistry, under the direction of Mr. George MacDonald, who is also club sponsor; biology, under Miss Rita McGrath; geology, under Miss Helen McGregor, and physics, under Miss Margaret Small. Every other Wednesday at 2:45 the entire club meets together to view films of science and current events. On alternate Wednesdays, each member goes to the project meeting of his choice.

SKIERS FIND EXCITEMENT ON SNOWY SLOPES

The thrill of skiing—the wind on your face, the speed of gliding down the snowy slope, the sting of frost in the air.

Magnificent natural surroundings and the spell of the sport makes skiing the most exciting of all winter recreations.

Under the direction of Mr. Paul Roesti, the Ski Club is an organization of young people experiencing the fun of speeding over crested snow and learning proper techniques of this sport. Skiers look forward to week-ends of meeting on wings in a silvery wonderland.

RED CROSS COUNCIL SPARKS COMMUNITY WORK

Red Cross work means "helping others." The Junior Red Cross Council of Butte High School, sponsored and advised by Miss Sadie Erickson, finds much reward in carrying out their worthy projects.

Butte's Junior Red Cross workers have won much local recognition in the past three years for their visits to the Soroptimist Home. Lucky members attend a summer camp to study ways of helping in the community and school. The projects of the group include gift boxes for Europe, a friendship album which tells the story of an average Butte student, and working for the blood mobile unit.

VITALITY PLUS IS QUALIFICATION FOR PEP CLUB MEMBERS

"Hey, Hey, lookit the score! That's O. K., but we want more!" Louder and louder the chant grows, and excited voices fill the bright gym or float across the stadium.

With enthusiasm and strong loyalty, this year's Pep Club boosted our football team to championship, and their spirit inspired the basketball boys to attain many victories, culminating in the southern divisional championship. Co-operation with the cheerleaders and a thorough knowledge of school yells enabled this lively group to compete with cheering sections throughout the state.

"HERE'S A LITTLE CHEER FOR YOU!"

"Whatta you say?—Yea Butte!" Capable and spirited, they are today's Spartan women cheering their young men to win glory. And cheer they do! Swirling purple and white skirts and lively steps coupled with zest and spirit, typify our cheerleaders. Charming and talented, these girls bring sparkle and warmth wherever they represent the school.

Under the guidance of their adviser, Miss Lucille McQuaig, they introduce a variety of new yells and peppy routines for school songs. Winning praise and compliments for their sportsmanship and good conduct, our cheerleaders are a school pride.

STUDENT COUNCIL WORKS WITH STUDENT PROBLEMS

Student Council meets today in room 111!

Just as the ancient Greek city had a democratic meeting place in their agora, today Butte High School has the Student Council.

Under the guidance of Mr. George Haney, Miss Eleanor Meagher and Miss Lucille McQuaig, the council studies school projects, both classes and organizations, and approves all activities.

Completely democratic, the council has become a friendly airing place for student and faculty problems.

MOUNTAINEER PUBLICATION REWARDS STAFF EFFORTS

Every two weeks the Mountaineer comes out, bringing students a lively, accurate journal of activities and events outstanding in school life. The publication is brought to the student body by 26 members of the Mountaineer staff, under the supervision of Miss Sarah McNelis.

The staff members must have a "nose for news." Each has his own beat to cover, but all must be alert for any news that can be developed into a story. It is the job of the editor to see that every posible happening and event is covered. Finances, ads, and business contacts of the paper are taken care of by the business manager.

The intensive preparation taken to enliven the pages often requires hours of work after school. These aspiring journalists find reward in the words "Mountaineer out today!"

Staff members are, top, Claire Scalabrin, Carol Cowan, Bruce Cook, Joan Hoff, Alan Goddard, Beverly Rothwell; second row, Gladys Maxwell, Marilyn Morn, Frank Baum, Elizabeth Hopkins, Gary Jackson; third row, Virginia Weber, Carol Owen, Thel Toppari, Tom Nelson, John Ruffatto, Dorothy Jordan; fourth row, Bettye Morgan, Bob Zorich, Ed Jursnich, Louise Callahan and Ron Johnson. The aspiring journalists of school strive for membership in International Quill and Scroll. To win membership the reporter must be a senior or junior, be in the upper third of his class scholastically, be approved by the local adviser and be accepted by the national executive secretary of Quill and Scroll. This year seven members were admitted to Butte High School's chapter. Each now proudly wears the gold pin of this journalistic fraternity.

"Es el Viernes! Se declara abierta la sesion."

It is Friday—to you Spanish-speaking fans—and the day of Pan-American Club meeting. Under the direction of Miss Agatha Kelly, each of the two Spanish classes holds a meeting and program during regular class periods every Friday. Officers are elected by both classes, and are responsible for collecting dues and arranging the weekly musical program. The club studies life and customs of our Latin American neighbors, thusly promoting greater understanding of our southern neighbors' customs, clothes and way of life.

Members of this group find this study a rewarding experience.

AN ANCIENT ART GAINS NEW LIFE

The cities of Athens and Ephesus rivaled in staging epics of Homer.

Today a revival of interest in marionettes is winning new followers. An example of this is Butte High School's Marionette Club, with a membership of twenty puppeteers, who studied, worked and staged marionette shows this year.

The major effort, "Washtub," from a French classic comedy, was written by Alan Goddard, club president. It told the story of an overbearing wife.

The officers of this club are: president, Alan Goddard; vice-president, Gary Jackson; secretary, Loismarie Hord; treasurer, Arlene Ehrlich; sergeant-at-arms, Harry Eylar; custodian, Roslyn Rafish; Student Council representative, Tom Nelson, and Junior Red Cross Council representative, Nancy Rood.

The rattle of boards, the bang of hammers, the roar of powerful engines and a bright flash of light, are telltale signs of classes in action at the Cleveland vocational school. This school offers the boys a chance for practical experience and guidance in the carpentry, mechanical and electrical fields. Ostensibly a trade and vocational school the Cleveland provides the equivalent of apprenticeship training in these crafts. All boys who are in these classes are members of the Trades and Industrial Chapter shown below. Mr. Charles Davis, vocational coordinator, supervises classes at the Cleveland.

Assisted by students of Butte High School, the cafeteria work starts long before fourth period. It starts days before with menu planning and provision buying and hours before in the actual work of cooking. Then the buzz, and the fourth period rush starts. Boys assist in many different tasks, such as filling refrigerators and pop machines, in clearing trays and in carrying dishes to the kitchen for washing.

DANCING ATTRACTS MANY HIGH SCHOOL STUDENTS

"Swing your partners and dos a dos." This call and many others are an indication that the Teen Age Promenaders are in session. The big event to which all members looked forward was the State Square Dance Festival staged in Butte's Civic Center, April 25-26. Although this organization is one of the newest in the school, it has found many enthusiastic members and promises to keep growing. Mr. James Chandler of the faculty, and Mrs. Chandler, are the instructor-sponsors.

MANY HOURS OF HARD WORK ARE PUT IN BY THE DIRECTORS

With the same talent, color, and perseverance that has characterized previous bands, and built an outstanding reputation, these versatile directors have succeeded in producing a band which again pays a dazzling tribute to Euterpe, Muse of Music. Although the concert band is the favorite of Mr. Schiesser, he spends considerable time in molding his musicians into a precision marching organization, which has thrilled enthusiastic crowds throughout the state and country.

Mrs. Schiesser assists her husband in planning formations and routines, while attending to her principal job of training the majorettes.

Ray Sims, who aids in the music department by directing the B-Bops and helping with the orchestra and pep band, is in charge of all mechanical problems involved with concert and marching time.

Alicejane Carkeek

SHE SHINES AT PARADE TIME

Regular band routine begins before school starts, for the band presents spectacular halftime entertainments to thousands of football fans throughout the fall season, and the first game is usually the first week-end after school begins. During the summer, Memorial Day and the Fourth of July parades are spiced with the band's fine music and marching.

Leading each parade is a slender figure in a sparkling purple uniform, exemplifying the snap, vigor and personality of a true showman. Great responsibility rests on Alicejane Carkeek, head majorette, who leads the band during marching time, and who possesses the stamina and talent necessary to do an outstanding job. Alicejane was chosen to lead by vote of the band and twirlers, and has served for two years. She is noted as a perfectionist, for she spends many hours practicing regular and new routines.

Working along with the band in slightly different style are the majorettes, directed by Mrs. Schiesser, who serve as the "frosting on the cake" to the band. Their high-stepping sparkle and pretty smiles add much to marching and concert seasons.

BAND IS CONDENSED INTO SPIRITED PEP ORGANIZATION

THESE ORGANIZATIONS ADD VARIETY TO THE MUSIC DEPARTMENT

As the snow begins to fly, so do the basketballs, and the pep band goes to work to bring spirit and zest to each game. The pep band is composed of fewer members than the regular band, and numbers about thirty-five.

The better players of each section are chosen until the section has its quota filled. They appear in the civilian uniforms of the band—dark trousers and skirts, white blouses and band sweaters.

Another group formed from the regular band is the B-Bops, a top dance band under the direction of Ray Sims. The group plays at school parties and assemblies. Their favorite pastime is to indulge frequently in impromptu jam sessions.

BEHIND THE SCENES LABORERS CREATE FANCIFUL MASTERPIECES

GREATEST WORKS OF ALL TIME ARE BROUGHT TO PUBLIC BY ANNUAL CONCERTS

"Be back at seven o'clock." With these words the musicians feel the hope of a long night's sleep rapidly diminishing. Concert time is here! But long hours of work reap great rewards, for the highlight of every season is this annual panorama of beauty which brings together band, orchestra and twirling corps in a magnificent spectacle.

This year the Schiessers again captured the hearts of the public, bringing a wonder of the heavens into the music and dancing world by choosing "Over the Rainbow" as the theme. The concert was presented in the style that has made the band famous. The audiences departing after the three-hour show, will ever remember the diversified program. which included well known classics and the modern works of Berlin, Rogers and Romberg.

LYRIC BEAUTY DISTINGUISHES ORCHESTRA STRING SECTIONS

"Orchestra practice tonight"—is a familiar phrase heard most Mondays, for the orchestra, also under Mr. Schiesser's able direction, has many responsibilities. Their music is heard as prelude, intermission, and postlude to school dramatic productions, and this year for the first time, they provided sacred music for a city-wide Thanksgiving service.

As the class of '52 departs, they thrill to the long-remembered strains of the beautiful "Coronation March," annually played by the orchestra as a tribute to the graduates.

COMPLETED PICTURE IS TRIBUTE TO HARD WORK

OUR FAMOUS QUARTET OF MENTORS

HARRY DAHLBERG

"The third time is the charm," and the Swede proved this by producing the Co-Champions of Montana, after dropping the state title game two successive years. His powerhouse team lost only one match this season, that being the conference tilt with Kalispell.

A great honor was paid Coach and Mrs. Dahlberg for his thirty years of hard work, when members of the Silver B's and businessmen sent them to the Rose Bowl game.

Promoted to Director of Athletics this year by trustees of District No. 1, Swede retired from his position as head basketball coach.

BILL HAWKE

Much credit for Butte's champion grid team must be handed to Mr. Hawke. It was from his expert guidance that the team was able to hold out against Kalispell. The entire state gave the Bulldogs credit for playing the greatest defensive game seen in years, and Bill deserves a large portion of that credit. Nevertheless football is not his main sport, for this year he took over the reins as head basketball coach for Butte High. His hardwood squad started with a show of power, took second in Central's round-table tournament, and won the divisional tournament at Livingston, March 6-8.

SAM LEEPER

Won five, lost one—an impressive season record for any team and a mark of good coaching. That is how the Reds wound up their third season under Sam's youthful guidance. But football isn't his only project. He also is at the helm of the Reds' casaba boys. His coaching is a large factor in the development of future Bulldog teams.

BOB SPARKS

"No, you'll find him here only during football season." But he is here most of the time. Bob isn't a regular faculty member, only a guy who loves football enough to coach the Frosh along with the Butte Buzzies, while he holds down a job at the same time. Jim Banfield also helps him, and together they teach the boys real team work.

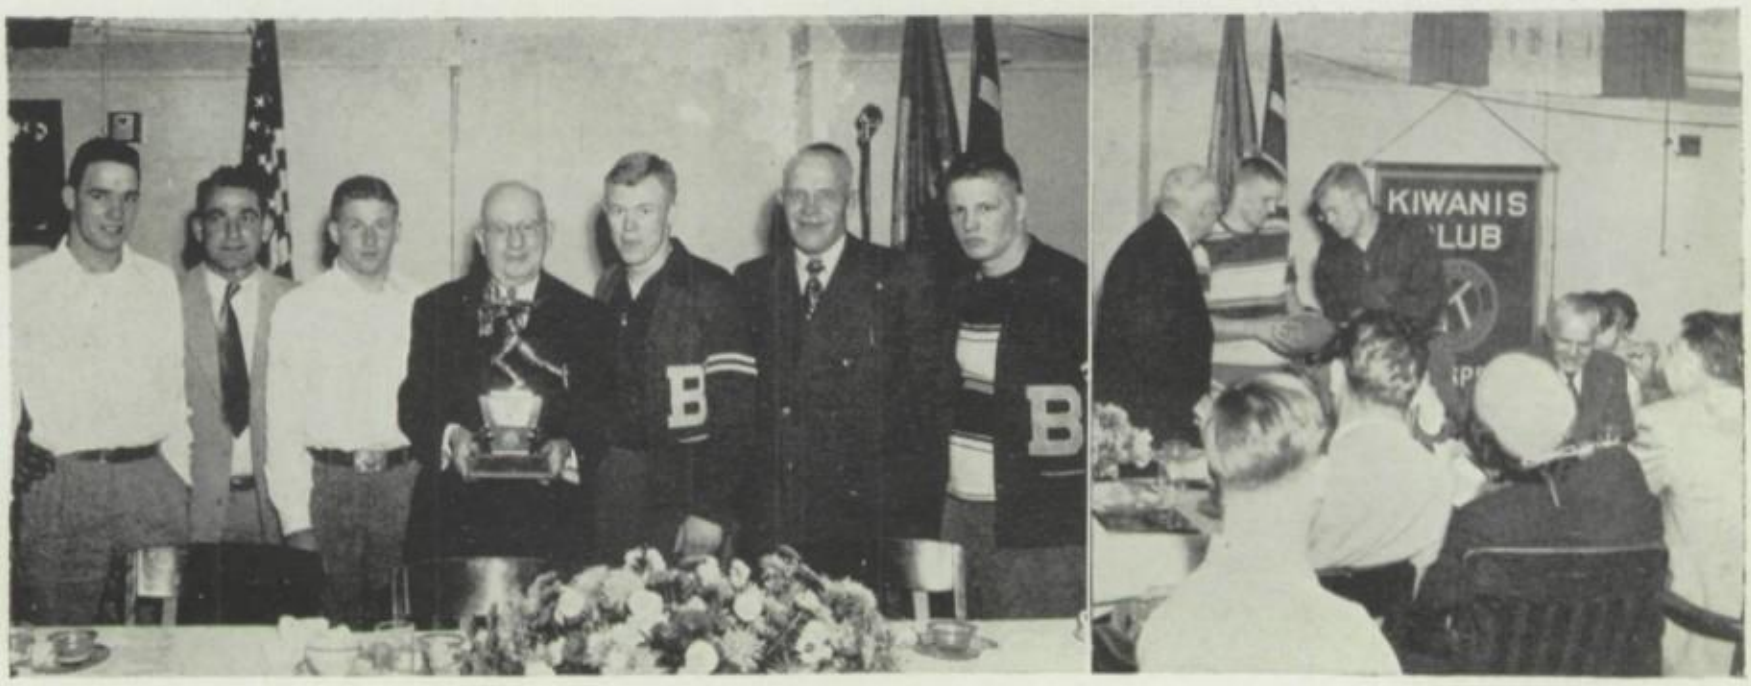
Third row: Don Renz, mgr.; Assistant Coach Sam Leeper, Dan Larsen, Dan Naranche, Bob Butorovich, Jerry Winkler, Charles Stack, Bill Salonen, Ed Sheron, Clarke Doran, Walter Lonner, Bud Maxson, Coach Harry Dahlberg.

CO-CHAMPS ENJOY POST-GAME DINNER

After scoring a 7-7 tie to share the State Football Championship, both teams, Braves and Bulldogs, and their school officials enjoyed a holiday dinner at Elks Temple Tea Room in Kalispell. Speeches and entertainment appropriately closed the grid season in Montana. Since there was a tie, a special order had to be dispatched for an additional set of championship awards. Identical trophies were given to both schools at special assemblies along with individual gold footballs for each team member.

Concluding an eventful day, Harley Remington, Coach Frank Little, and Jim Strodbeck of Kalispell, and Glenn Shurtz, Coach Dahlberg and Jim Janhunen of Butte, pose with the Dean of Montana football, Mr. Walter Scott, holding state trophy.

It took much abuse, but it is now in loving hands. Jim Janhunen and Glenn Shurtz receive the pigskin they have booted around Thanksgiving day, from Mr. Scott.



Best of luck to a swell kid and good football player.

Bob I wish you all the luck in the world and for your last year. Bob

FIRST TEAM ALL-STATERS

OUR ALL-STATE FOOTBALL MEN

SECOND STRING ALL-STATERS

Sam Jankovich, Joe Kilminster and Dan Larsen showed outstanding ability throughout the season to secure second team berths.

HONORABLE MENTION

Bob Butorovich and Ed Sheron worked hard on the line to receive honorable mention for All-State positions.

THEY AID TEAM

"Where's the helmets?" "Get me a football." "Come on, hurry." These, among others, are some of the remarks aimed at Don Renz and Bill McDonald, our two football managers. These boys are the men behind the scene who keep the team equipment in order and see that it's there when needed. Their job as managers goes unnoticed by those on the sidelines, but without them the team would be in a muddle. Though they get little credit during the season, they were presented gold footballs for assisting their team to the Co-Championship.

STATE BIG SIXTEEN TOURNAMENT

Butte's new Civic Center had for its opening event the State Class A Basketball tournament. Under the supervision of tournament manager, Mr. George Haney, the huge auditorium was filled to capacity all three days for one of the most contested tournaments in the state's history. Over 7,000 spectators were on hand Saturday night to see Kalispell take a hard-fought game from Helena and retain the crown for the second year. INTRAMURAL BASKETBALL WINNERS

The Rangers, with nine wins and no losses, easily captured the "A" league. The team members are, left to right: R. Murrell, G. Hoffenbacker, D. Williamson, B. Serigstad, N. Trengove and J. Winkler.

The "B" league was taken by the Musclemen with an 8-1 record. The team consisted of D. Parke, L. Tromly, Bill Tarrow, C. Doran, and D. Mahagin, who was absent when the picture was taken.

TRACK ATTRACTS LARGE NUMBER

A huge turnout took place this year for the track season. Returning veterans this year include Lloyd Brynie, miler; Dan Naranche, pole vaulter; Bert West, hurdler; Joe Kilminster, Ed Sheron and Bob Butorovich, weights, and Bud Maxson, javelin.

First row, left to right: G. Shurtz, J. Schneller, L. Pochervina, J. Janhunen, D. Larsen and D. Galpin;

Second row: D. Craine, D. Jackson, D. Bork, S. Jankovich, D. Williamson, J. King, D. Duffy, B. Andrews and B. Borozan;

Third row: C. Doran, B. Maxson, L. Brynie, D. Serigstad, D. Naranche, J. Freshman, A. Vega, and B. West;

Fourth row: B. Tarrow, B. Salonen, Larry Hale, F. McDonald, B. Renz, Charles Stack and W. Lonner.

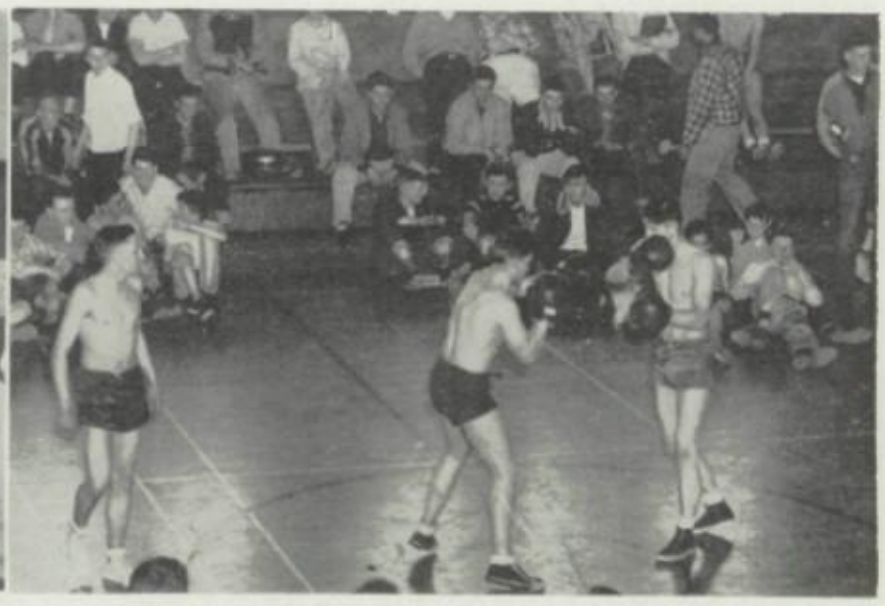
"B" CLUB IS CONSTRUCTIVE

All boys who win letters for any major sport are members of the "B" Club. Their activities this year include selling programs and pop at the basketball games, acting as a paddle club at the State Tournament, and holding their annual "B" Club dance at the Masonic Temple.

This year's officers are: First row, left to right: Dan Larsen, secretary, and Duane Jackson, treasurer; second row: Bert West, vice president, and Don Galpin, president.

The program sale at the State Basketball Tournament was taken care of by Jim Schneller, Don Duffy, Bert West, Lloyd Brynie, Tom Pomroy, Ed Sheron, Don Galpin and Jim Janhunen. Mrs. Harry Dahlberg helped the boys keep their finances straight.

The "B" Club sponsored the school Boxing Tournament this year, acting as referees and timekeepers.



G. A. C.'s STANDARD IS GOOD SPORTSMANSHIP

The Girls Athleta Club's object is to develop a wholesome and diversified program of games, sports and activities. Many girls participate in the various sports. A girl must earn twenty points to be eligible for membership in the club. When a girl has earned 100 points she receives her first award and is admitted to the Letter Club. In December the club inaugurated a weekly sports night from seven to nine o'clock, with Miss Wasnick supervising. All high school girls were welcomed. This year the G. A. C. marked its thirty-fifth birthday. Each year it has developed its program until it is now one of the finest in the state.

MISS THERESA WASNICK IS G. A. C.'s BUSY ADVISER

Miss Theresa Wasnick joined the faculty four years ago as director of Girls' Physical Education department. She devotes much time and work not only to the activities, but also to the individual interests of the girls. She applies her energies to directing the Girls' Athletic Club and has developed many new and interesting sports. Some now included in her program are speedball, basketball, deck tennis, volleyball, badminton, softball, dancing, tumbling and aerial darts.

AWARD WINNERS COMPRISE LETTER CLUB

As prized as the laurel wreath by ancient Greek athletes, is membership in the G. A. C. Letter Club by Butte High girls.

First row, left to right: Billie Facincani, Mary Ann Zemljak, Betty Shrader, Thel Toppari, Shirley Hubacka, Roslyn Rafish and Bettye Morgan;

Second row: Janet Carle, Lila Johnson, Sharon O'Neill, Margaret Call, Delores Kivisto;

Third row: Marlene Brookbush, Beverly Rothwell, Donna Peterson, Raella Kelley, Ella May Martin, Elaine Flannigan and Sally Warren.

FROLIC WINNERS RECEIVE AWARDS

Girls receiving prizes for the best costumes are:

Sitting, left to right: Cecelia Robbins, Myrna Vivian, Dannette Schneller, Ella May Martin, Beth Payne and Sharon Nixon;

Standing: Betty Shrader, Margie Merriam, Barbara Taylor, Deanna Carpino, Elethea Kane, Ann Marie Trimble, Effie Maki, Carleen Hicks, Sheila Askins, Darlene Hash, Pat Brown, Patsy Hibbs and Mickey Tarrow.

Betty Shrader and Shirley Hubacka managed the G. A. C. frolic.

COMMITTEES PLAN FROLIC

These girls made the frolic a success:

First row, left to right: Lila Johnson, Janet Carle, Elaine Flannigan, Joan Hamry, Mary Bolton, Beverly Rothwell and Donna Peterson;

Second row: Sharon O'Neill, Patty Warner, Darlene Hash, Mary Ann Zemljak, Thel Toppari, Dorothy Barnes, Mary Ann Trickey, Margaret Call, Raella Kelley, Elethea Kane, Lorraine Junes, Dolores Kivisto, Betty Shrader and Helen Weber;

Third row: Sylvia Hill, Marlene Brookbush, Roslyn Rafish, Roberta Schonsberg, Sheila Askins, Ruth Holland, Ella May Martin, Nancy Hager, Judy Beckman, Billie Facincani, Donalee McCarthy and Betty Mae Lee.

MANAGERS DIRECT ALL SPORTS

As the legendary goddess Diana inspired the peoples of the earth to greater athletic endeavors, so the G. A. C. managers kept the girls in G. A. C. busy as they directed extra-curricular activities each night after school.

First row, left to right: Margaret Call, Billie Facincani, Shirley Hubacka, Betty Shrader, Thel Toppari, Sharon O'Neill, Roslyn Rafish and Mary Ann Zemljak;

Second row: Lila Johnson, Helen Weber, Dolores Kivisto, Elaine Flannigan, Donna Peterson, Marlene Brookbush, Beverly Newman and Darlene Christy;

Third row: Sheila Askins, Patty Warner, Sylvia Hill, Raella Kelley, Ella May Martin, Nancy Hager, Beverly Rothwell, Mary Bolton and Joan Hamry.

TUMBLERS PROVIDE ENJOYMENT

First row, left to right: Helen Weber, Joan Hipp, Patty Warner, Joyce Katka and Marilyn Robinson;

Second row: Juliann Ugrin, Viola Lamuth, Betty Jean Lee, Glenys Waltee and Sally Warren;

Third row: Joyce Filpula, Lura Trevithick, Claudia Hooper, Gay Slack, Pat Brown, Marjorie McQuiston and Margaret Call.

Margaret Call and Joyce Filpula are co-captains of the tumblers.

TUMBLING THRILLS EVERYONE

"Oh! my aching back," moan girl tumblers. Tumbling, directed by Miss Wasnick, is one of the finest all-around indoor sports. Since tumbling is the background for all apparatus work, Miss Wasnick has introduced it into her gym classes this year. She directs the varsity team which performs at many civic and lodge functions. A tumbling formation, known as the fan, is shown here.

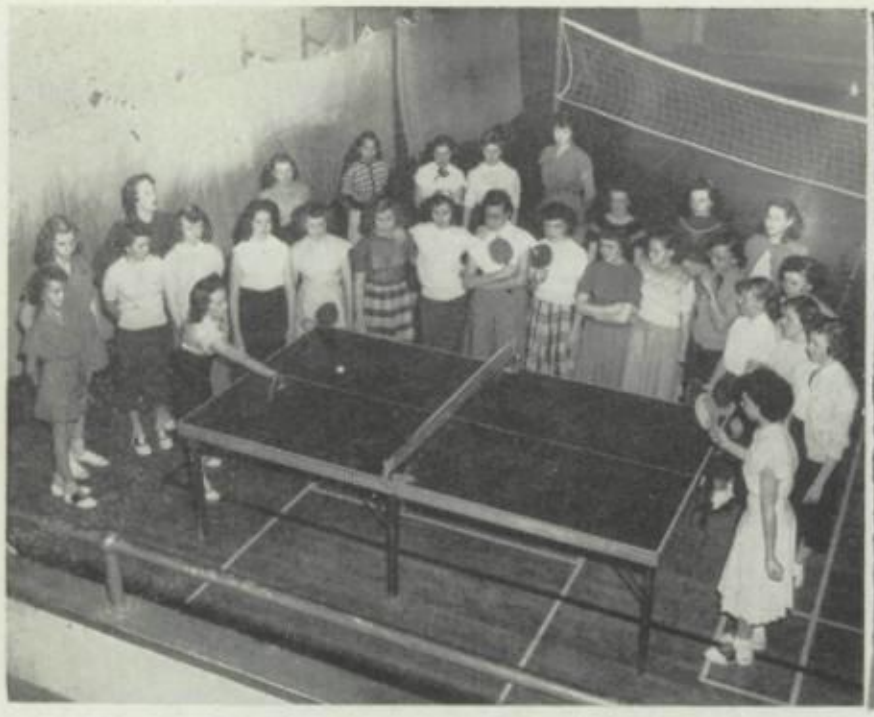

TABLE TENNIS ATTRACTS GIRLS

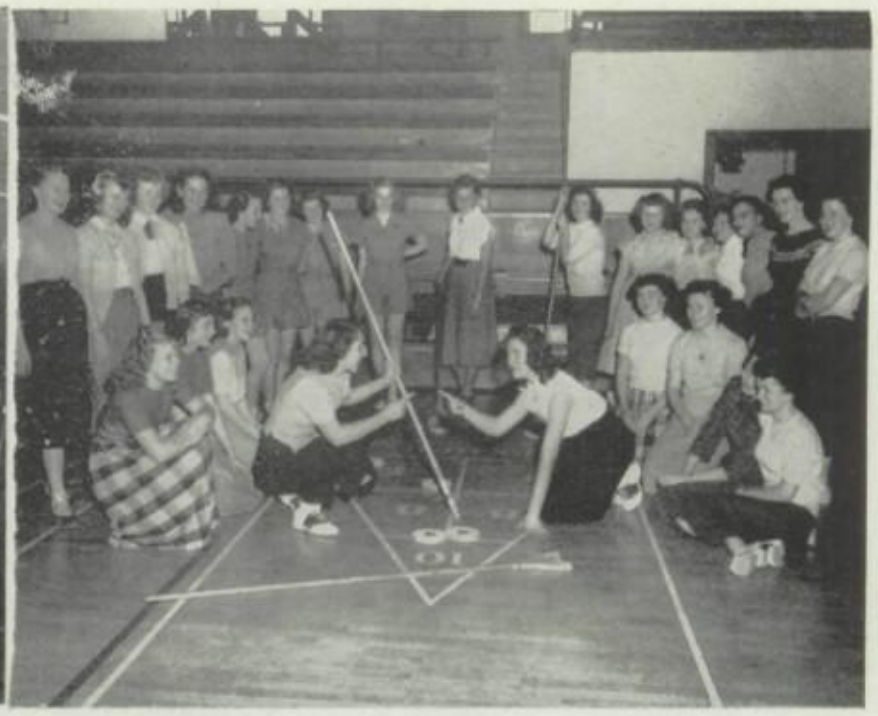
Managers Marlene Brookbush and LaVerne Isola demonstrate the game.

First row, left to right: Floral Mae Stillings, Beverly Rothwell, Jean Jeffery, Marjorie McQuiston, Patty Warner, Dorothy Barnes, Veda Kendall, Ella May Martin, Jackie Fellows, Roberta Schonsberg, Mary Ann Trickey, Raella Kelley, Sylvia Hill, Donna Peterson and Margaret Egedahl;

Second row: Sharon Nixon, Beverly Newman, Delores Kivisto, Anita Walker, Myrna Vivian, Arlene Smyth, Ruth Holland, Betty Mae Lee, Judy Beckman, Jean Schymtzik and Nancy Hager.

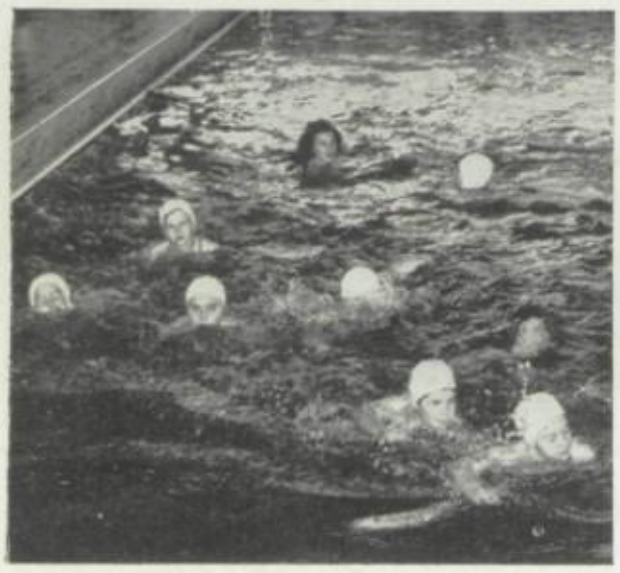


SHUFFLEBOARD BRINGS EXCITEMENT

Manager Joan Hamry argues her point to Marjorie McQuiston.

First row, kneeling, left to right: Dorothy Barnes, Roberta Schonsberg, Mary Ann Trickey, Jackie Fellows, Nancy Hager, Beverly Newman and Beverly Rothwell;

Second row: Dolores Kivisto, Jean Jeffery, Margaret Egedahl, Jean Schymtzik, Gloria Davies, Anita Shea, Dannette Schneller, Sharon Nixon, Ella May Martin, Veda Kendall, Patty Warner, Marlene Brookbush, Sylvia Hill, Raella Kelley, Betty Mae Lee and Donna Peterson.



SWIMMING IS RECREATION

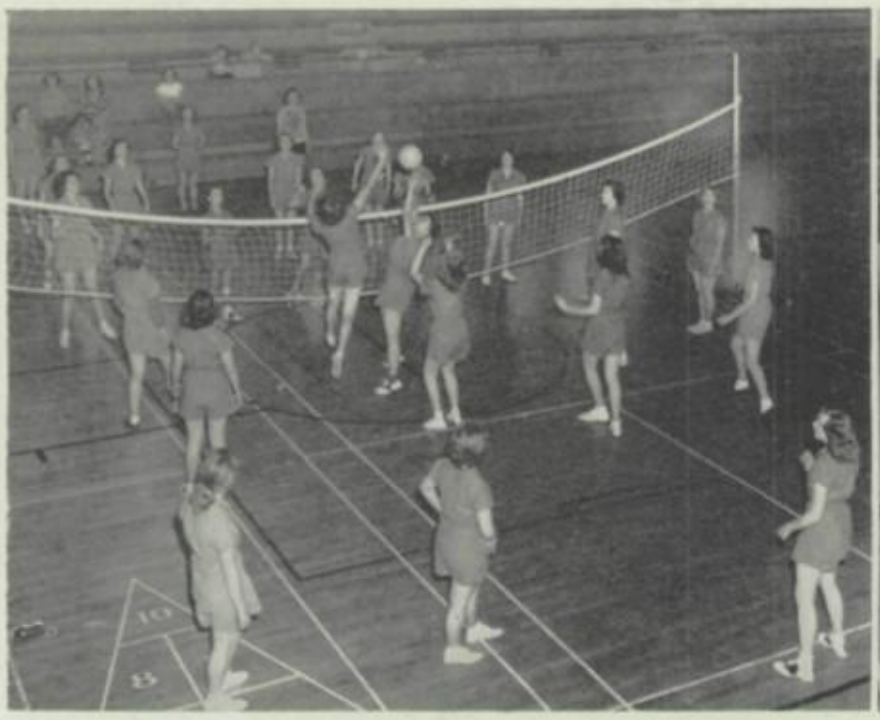
Recreational swimming is one of the sports which girls most enjoy since it is offered three nights a week after school. Any girl can participate in this sport regardless of whether she can swim. Competent lifeguards patrol the pools to insure safety.

BASKETBALL RATES HIGH WITH GIRLS

Billie Facincani of the Schmoos and Raella Kelly of the Hotshots compete for the toss-up in the championship game which was won by the Schmoos. In the background Miss Wasnick referees the game.

ARCHERS RECEIVE INSTRUCTIONS

Archery, a skilled sport which requires accuracy, is managed by Roslyn Rafish and Helen Weber. The girls meet on Monday nights after school in the gym during the fall and the spring. Here they are taught the fundamentals of the sport. Girls pictured participating are, left to right: Floral Mae Stillings, Helen Weber, Betty Shrader, Shirley Hubacka, Ella May Martin and Rosemary Dunne. Standing to the right is Rocslyn Rafish.



VOLLEYBALL STIMULATES TEAM WORK

Volleyball is one sport we know Diana or Hercules never played, because it does not date back to the time of the ancients. It is a combination of tennis and basketball. Volleyball, a team game, is a fascinating sport to play, excellent for teaching quickness, footwork and body control. This year volleyball teams, under the management of Donna Peterson and Patty Warner, met on Tuesday night after school.

FOR A FAST GAME TRY BADMINTON

Badminton enthusiasts met on Monday nights after school in the gym, under the management of Beverly Rothwell and Beverly Newman. This sport trains the eye for quickness of movement and demands footwork, strength of wrist, endurance and dexterity.

LIFEGUARDS INSURE SAFETY

Lifeguards give assistance to Miss Theresa Wasnick and Miss Inga Hoem in every pool class. Their presence insures the safety of all the swimmers. Before these girls are eligible to be lifeguards, they are carefully trained in life-saving classes. They must pass successfully official Red Cross lifeguard requirements. Lifeguards this year are:

First row, left to right: Donna McElhenny and Elaine Flannigan;

Second row: Ella May Martin, Donna Wilcox and Inga Finni.

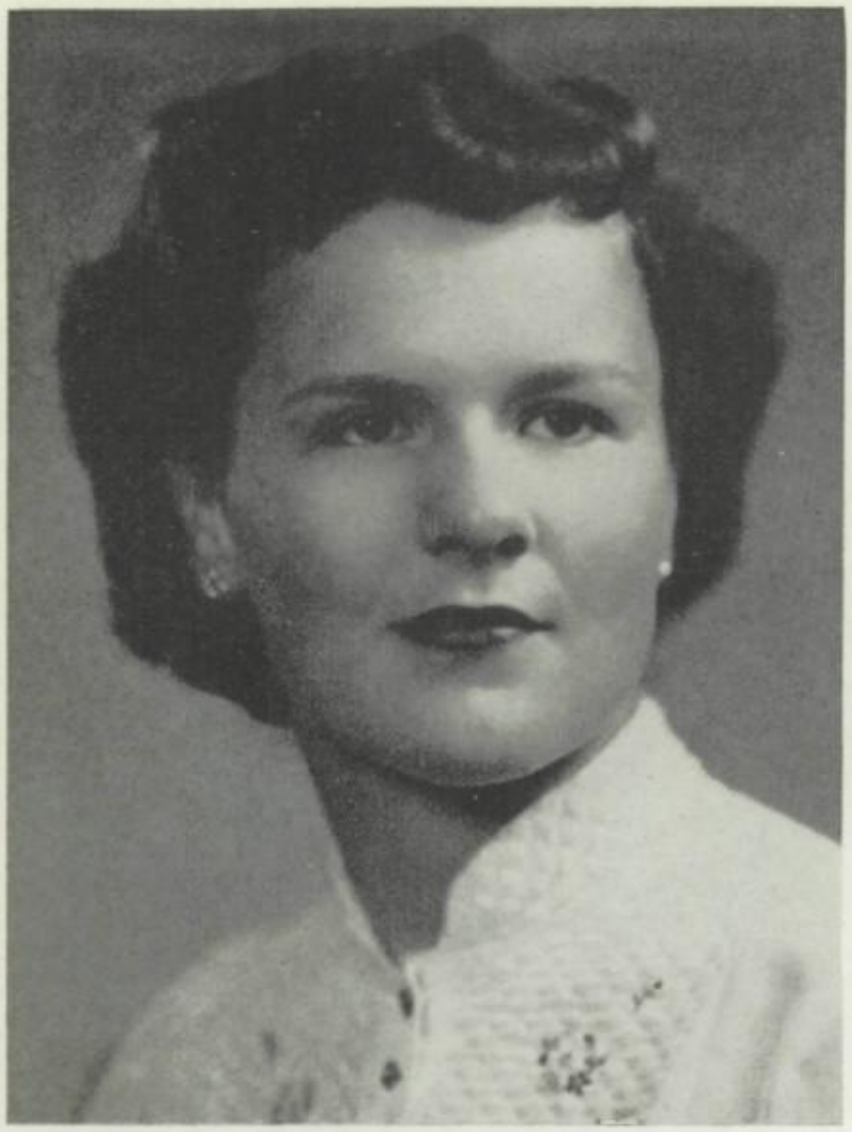
BOWLING ATTRACTS MANY ENTHUSIASTS

Bowling is the most popular of all the sports. More girls turn out for it than for any other sport in G. A. C. Nancy Casey and Nancy Hager opened the season for bowling in December with twenty-four teams participating weekly at the Winter Garden Bowling Alleys. A tournament determines the championship team after weeks of practice and elimination.

SKATING OFFFERS AN OUTDOOR THRILL

"Meet at Clark's Park tonight at seven." This command, issued on Thursdays during the winter season by G. A. C. managers Irene Harrington and Donna Peterson, is music to the ears of G. A. C. blades' enthusiasts. The thrill of being outdoors makes skating not only fun for everyone, but also healthful. The girls receive G. A. C. points for participation.

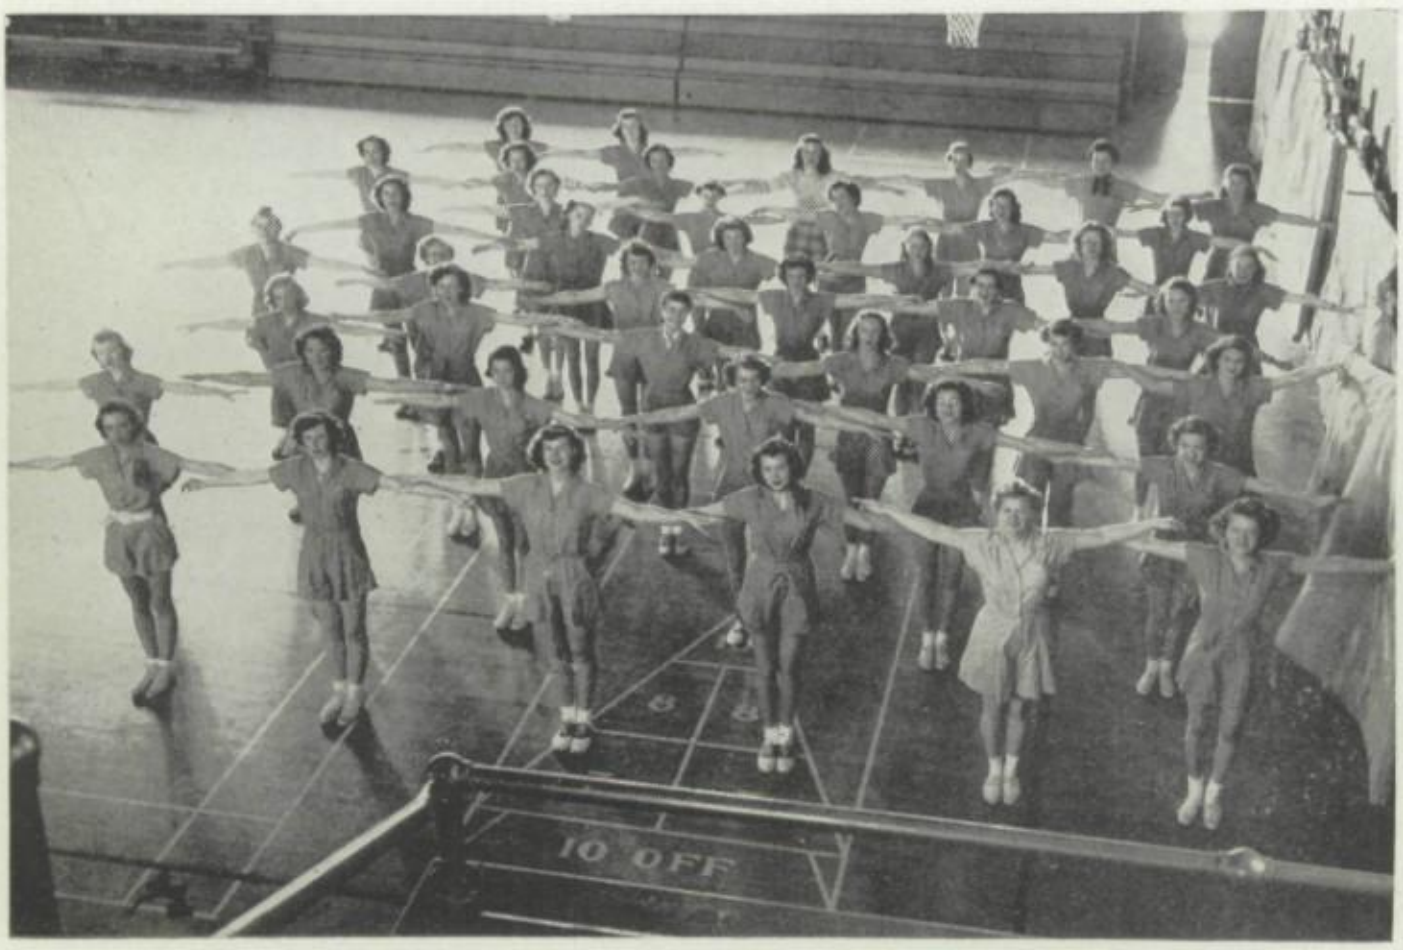
Active girls are, left to right: Irene Harrington, Donna Peterson, Jean Haaland, Joan Haaland, Grace Parrett, Dannette Schneller, Anita Strand, JoAnn Gergurich and Helen Yelenich.



MARGARET CALL
Girl of the Year

GIRL OF THE YEAR

Margaret Call, a senior, has achieved one of the most prized honors in Butte High School. She has worked very hard in her four years to become the fourth recipient to receive the award, Girl of the Year, which is based on personality, leadership, scholarship and participation. She has earned more than 600 points. In her G. A. C. career, she was chairman of Frolic and Playday committees, a gym office girl, assistant tumbling captain and tumbling captain, a G. A. C. manager, and a manager of Playday. Also, she attended out-of-town playdays and has participated in all sports. Besides her interests in G. A. C., she is a member of the National Honor Society, and a loyal supporter of all school activities. Margaret plans to attend college in the fall, but is undecided whether her life work will be a teacher or a nurse.



MOST GIRLS ENJOY GYM

Although, to a few, physical education, two years of which are required, is regarded as a chore, most girls find gym to be a pleasant and happy class. Some sports offered in the classes are volleyball, speedball, softball and aerial darts. The gym classes always begin with rhythmic warm-ups.

COMPETENT GIRLS ASSIST MISS WASNICK

Between three and four office girls help Miss Wasnick every period of the day. Their duties consist of checking roll, showers, and putting equipment away. These girls do not receive credit for their time, but earn twenty G. A. C. points each semester. Girls are, from left to right, first row: Shirley Hubacka and Betty Shrader; second row, around desk: Phyllis Ouelette, Miss Wasnick, Carol Steele, Roberta Schonsberg and Helen Weber; third row: Shirley Shafer, Carol Myers, Ella May Martin, Sharon O'Neill, Gloria Davis, Thel Toppari, Lila Johnson, Billie Facincani, Bettye Morgan, Mercille Thomas, Janet Aho and Margaret Call.

MANAGERS HEAD PLAYDAY GROUPS

Girls who worked and cooperated with Miss Wasnick and the Playday chairmen on "Cupid's Carnival," are, left to right, first row: Helen Weber, Mary Ann Trickey, Roberta Schonsberg, Roslyn Rafish, Betty Jo Foster.

Second row: Shirley Hubacka, Lila Johnson, Margaret Call, Billie Facincani, Rose Miles, Marlene Brookbush, Pat Brown, Gay Slack, Elaine Flannigan, Anita Walker, Patsy Hibbs.

Third row: Raella Kelley, Sylvia Hill, Anita Williams, Charlene Stanaway, Dixie Ramey, Colette Gergurich, Beverly Newman, Donna Peterson, Nancy Hager and Irene Harrington.

Margaret Call and Lila Johnson pose for a picture after managing a successful playday.

PLAYDAY COMMITTEES ASSEMBLE

Girls who made the Playday a success are, left to right, first row: Charlene Stanaway, Dixie Ramey, Sherry Thompson, Sharon O'Neill, Leah Mee, Crystal Hendrickson.

Second row: Jerry Nettle, Janet Misiuk, Lila Johnson, Margaret Call, Helen Weber, Rose Miles, Marlene Brookbush, Pat Brown, Gay Slack, Betty Jo Foster, Roslyn Rafish.

Third row: Thel Toppari, Raella Kelley, Sylvia Hill, Anita Williams, Billie Facincani, Patty Warner, Colette Gergurich, Mary Pezdark, Mary Bolton, Joan Hamry.

Fourth row: Gloria Davies, Anita Shea, Anita Walker, Elaine Flannigan, Elethea Kane, Donna Peterson, Nancy Hager, Irene Harrington, Beverly Newman, Patsy Hibbs, Patsy Brown.

ADVANCED SWIMMERS FORM POLAR CLUB

Polar Club meets Monday night under the management of Inga Finni.

First row, left to right: Janet Misiuk, Roberta Schonsberg, Jerry Nettle, Crystal Hendrickson, Shirley Hendrickson, Marjorie Tabor, Margaret Dodgson, Marlene Virant, Luella Larson, Veda Kendall and Ella May Martin;

Second row: Patsy Brown, Juanita Tarrow, Donna Wilcox, Elaine Flannigan, Donna McElhenny, Elethea Kane, Anita Shea, Shirley Richards, Leah Mee, Gloria Davies, Maryjeanne Richards, Martha Oase and Inga Finni;

Diving: Lura Trevithick.

Margaret Dodgson, Inga Finni, Shirley Hendrickson, Martha Oase, Leah Mee, Patsy Brown, Maryjeanne Richards, Marlene Virant, Luella Larson.

CLASS TRAINS FUTURE LIFEGUARDS

Future lifeguards for swimming pools and beaches are trained in lifesaving classes. Juniors, seniors, or anyone over sixteen years of age may try for senior lifesaving. All under this age train for junior lifesaving. This year's lifesaving class demonstrates a cross-chest carry.

In the picture, left to right: Barbara Truman carries Marjorie Tabor. Marlene Virant carries Maryjeanne Richards. Lura Trevithick carries Eileene St. Onge, and Margaret Dodgson carries Shirley Hendrickson.

GET ACQUAINTED— FROLIC THEME

The frolic's purpose is to introduce freshmen and new girls to the activities of the G. A. C. As part of the decoration scheme, posters adorning the walls of the gym, informed the new girls of the night for each sport. The frolic and playday are the two large social activities. Managers Shirley Hubacka and Betty Shrader reported an attendance of one-hundred fifty girls at the event.

POLAR CLUB

Janet Misiuk, Jerry Nettle, Roberta Schonsberg, Gloria Davies, Anita Shea, Marjorie Tabor, RoseMary Dunne, Veda Kendall, Ella May Martin.

CUPID'S CARNIVAL— PLAYDAY THEME

Representatives from twelve surrounding schools were guests of Butte's G. A. C. at Cupid's Carnival, the annual playday, on February 9, in the high school gym. After a morning full of activity, the girls welcomed a hot luncheon in the cafeteria. Dancing, swimming, visiting the town, and having a coke hour, were on the afternoon porgram. Managers Margaret Call and Lila Johnson reported an attendance of two hundred girls.

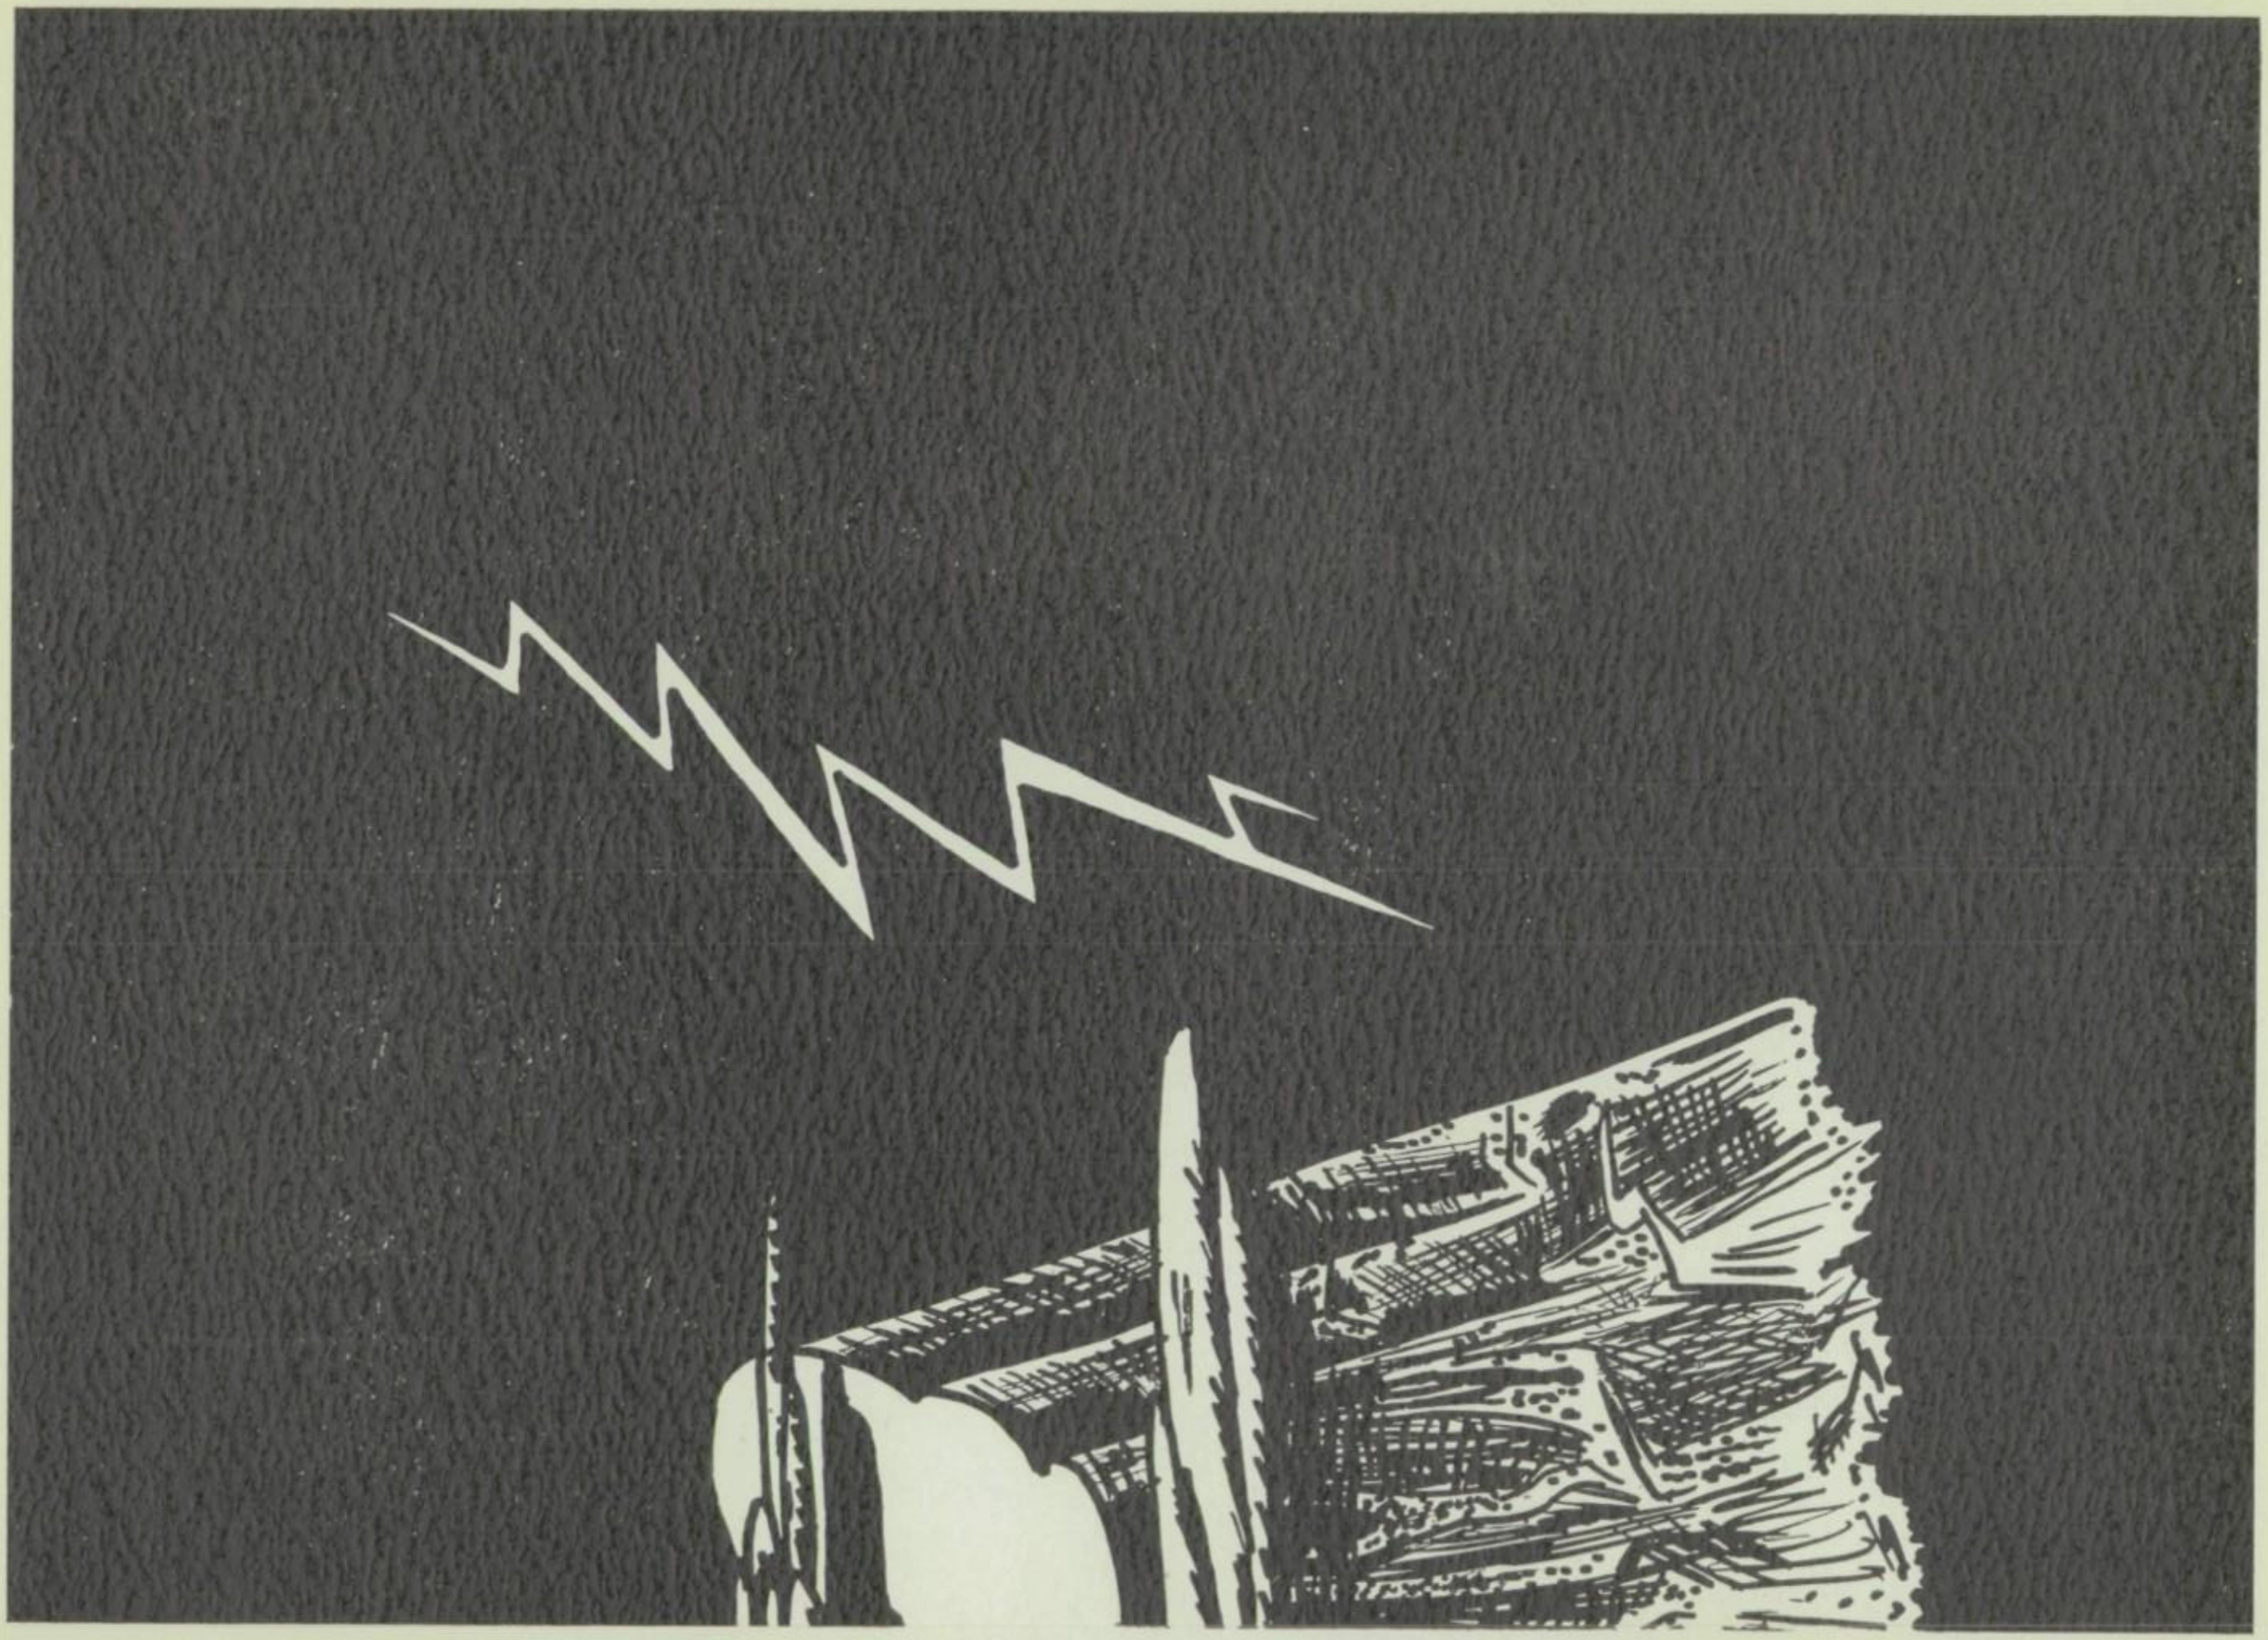
G. A. C. LENDS A HAND

The Girls' Athleta Club is becoming known for the willingness and eagerness with which it responds to requests for entertainment. The members are asked to take part in school and outside programs. The members are prepared for dance and song numbers, and comedy acts. The tumblers, too, are ready at all times. Girls, learning these acts, are assisted by Miss Wasnick. A few of the places where the G. A. C. has performed are the Elks, the A. C. M. Club, and the State hospitals at Galen and Warm Springs. They also provided half-time entertainment at several basketball games. Throughout the early part of the second semester these girls concentrate all their energies on the first annual demonstration. This evening show replaces the annual Variety Show.

Part Three

Our World

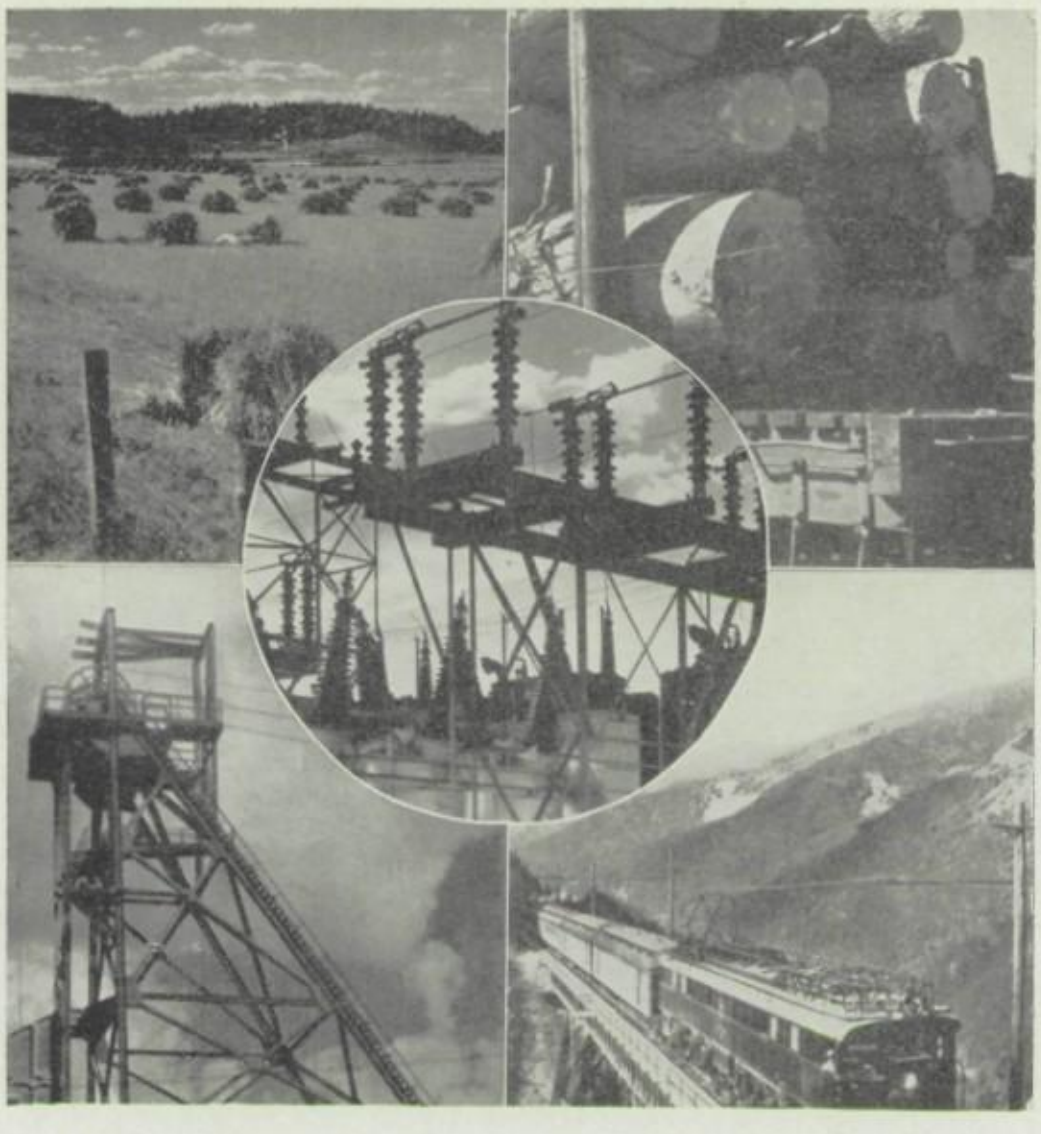
D. Bozich



THE TOWERING slopes of majestic Mt. Olympus overshadow the humble countryside with an aura of grandeur, and rollicking sunbeams play hide-and-seek with shaded depths and shiny peaks.

In this lofty paradise, gods of antiquity dwelt, performing deeds of wonder for the people they loved and served.

The magnificent Rockies surround the home city of Butte High School students. On this richest hill on earth, local merchants and businessmen provide an endless variety of products, enabling the people to carry on activities to improve themselves and their homes, and to maintain a high standard of well-being.



Power to Make Montana Grow!

On the farm, in the home and in industry—in fact, anywhere you go—you will find electricity working around the clock, adding to production, easing the burden of work and generally making life better for all the people.

In the area served by The Montana Power Company, for instance, wide application of electricity has been responsible for much of the area's growth and progress. And, in using electricity, our customers have discovered that it's economical—the biggest bargain in the budget today. Yes, electricity is necessary in every field of endeavor today . . . and in this area, there is plenty of power to make Montana grow.

Greetings, "Future" Customers . . .

We say "future" even though we realize that many of our friends at Butte High are already savings customers.
But one of these days you'll discover, to an even greater degree, the need for the many services of a strong, friendly bank, and when that day comes, you'll find the "Metals Bank" eager to serve you just as they have been serving Butte folks for the past 70 years.

A Common Link

in the chain of our state progress

. . . that's the proud role played daily by your Montana Hardware Company whose many employees take pains to serve, and serve well, the people of Montana. These employees, many of them your neighbors, like being the "link" between manufacturers and your favorite retail dealers.

Know Montana . . .

Montana's First Public School

Historians record that the first public school was opened December 12, 1864, in Virginia City, when the first school district of the Montana territory was formed.

However, prior to that time, in the fall of 1863, a school had been established in Bannack by Lucia Darling. It was in the back room of her family's home. The enrollment was fewer than 30 pupils. Records do not reveal the method of financing the school, but it is assumed that the school was supported by subscription, and more than likely payments were made in gold dust, the most common medium of exchange of the period.

Only a few books were available for use in the class. These were the books carried west by the pioneers and treasured throughout their lives. Classes were held during morning hours and not at all during the colder winter days.

In 1864 the Darling school was transferred to a log cabin on the banks of Grasshopper creek. The structure was built by Charles Sackett and Richard Fenn. Later this building became the property of the United States and was used as a Senate committee room for the First Territorial assembly.

A "Common School System for the Territory of Montana" was established in an act signed by the territory's first governor, Sidney K. Edgerton, on February 7, 1865.

Among the early-day teachers of the territory were Miss Darling, Professor T. J. Dimsdale, Oxford graduate and teacher at Virginia City who became first head of territory education; Mrs. Thomas Watson, William Mitchell, Kate M. Dunlap, and Michael Roach.

MONTANA SCHOOL OF MINES

Presents:

An opportunity for young men to acquire one of the highest type technical educations now available in the entire United States.

The Mineral Industries present a field of high pay professional work in a life-time occupation, in mining engineering, metallurgical engineering, geological engineering, and petroleum engineering.

The success of Mines graduates is shown in the positions of leadership in these fields, which graduates of Butte High School hold in many different parts of the world.

You are cordially invited to come out to the School and

Presented opposite is a story in picture of Coach Harry Dahlberg who has been doing the job he loves—coaching—for more than 30 years. His years as a left tackle for the Grizzlies of Montana State University and his friend and former coach, Bernie Bierman, mentor of the Minnesota Gophers, are recalled in the top row. During the '20's the Swede wore a cap rather than a hat; then, as today, his work outfit included a whistle. In 1929 he coached the Bulldogs to state and Big 12 championships and also took second in track. The 1930 picture gives a glimpse of Assistant Coach S. D. Midge Griffiths, later Butte High School assistant principal (now deceased).

Swede and Bill Hawke, one of his former students and, by 1936, his assistant, pose together. The set jaw reveals his reaction to a 1941 game. Two of his boys share Swede's pleasure in the 1947 view. About to journey to Great Falls in 1948, Swede smiles as the snow flies. The 1950 informal view is Mrs. Dahlberg's favorite picture. Four Butte coaches, Swede at right, reveal the tension of a championship game, Thanksgiving Day, 1949.

Pleased by the genuine and spontaneous enthusiasm of the Butte fans, who in motor cavalcade met the Bulldogs at Rocker as they came home victorious state champs, Swede surveys the scene in November, 1951.

IN ACKNOWLEDGMENT

In these pages, we of the 1952 Bulldog editorial staff bring two worlds together, and if we have succeeded, that accomplishment is due largely to the people who advised and assisted us.

These include Miss Sarah McNelis, adviser, always patient and aware of our problems; the business firms which fashioned our book—Ashton Engraving Company, S. K. Smith Company of Los Angeles, and McKee Printing Company; also Mr. Ross, Mr. Haney, Mr. Harris, Miss Rodes and all faculty members who gave time and full co-operation. To all, our sincere thanks.
